Arizona exports to Mexico have declined over the previous year for four consecutive quarters. The COVID-19 pandemic continued to disrupt Arizona's exports to Mexico in the third quarter of 2020, although only a single-digit drop.

Commodities flowing via Arizona BPOE are still down Y/Y, largely attributed to the COVID-19 pandemic; however, there was a marked recovery in the third quarter.

U.S. fresh produce imports from Mexico via Arizona BPOE experience seasonal fluctuations that appear volatile. Annual fresh produce trade volume remains relatively consistent and mostly unaffected by the COVID-19 pandemic.
Persons crossing the Arizona-Mexico border reached a significant low in April 2020, due to travel restrictions related to the COVID-19 pandemic. Despite marginal improvements each month, 2020 Q3 people crossings were less than half of 2019 Q3.

2.7 million
PERSONS CROSSING AZ BORDER NORTHBOUND
in 2020 Q3
down 53.9% from 2019 Q3

Personal vehicle and bus border crossings are down significantly due to travel restrictions related to the COVID-19 pandemic. However, commercial truck traffic remains resilient and is consistent in year-over-year analysis.

1.4 million
VEHICLES CROSSING AZ BORDER NORTHBOUND
in 2020 Q3
down 37.8% from 2019 Q3

The peso increased its value in third quarter 2020 after a sharp devaluation in the previous quarter.
